1952 PRICE LIST of Choice New GLADS

PINK CLASSIC

C. & G. MELK

7731 W. Appleton Ave.

Milwaukee 16, Wis.

DEAR GLAD FRIEND:

We take pleasure in sending you our 1952 catalog for your consideration.

We wish to thank all our customers for their business in 1951, and feel sure that our 1952 customers will be pleased with the quality of our stock.

You will find four of our own seedlings listed, namely Honey, Pink Classic and Skippy introduced in 1951, and Golden Crown, our 1950 introduction.

In List No. 1 we offer a selection of Recent Introductions at Retail (pre-paid) prices.

List No. 2 consists of varieties introduced prior to 1949. These quotations are at wholesale F.O.B. prices.

In our descriptions the number following the name of the variety is the N.A.G.C. class number. This is followed by the name of the Originator or Introducer and the year of introduction. The last number is the approximate number of days to bloom from large bulbs. Very early planting or smaller sizes of bulbs will require additional time.

BUSINESS TERMS

Prices are for Cash with Order or 25% Deposit to hold an order, balance before shipment or C. O. D.

All quotations are subject to prior sale.

Orders are filled with clean, healthy stock, true to name and up to size. However, if error should occur we will endeavor to make satisfactory adjustment either by replacement of stock or refund of the purchase price.

Stock is state inspected in the field and in storage. Certificate No. 597.

Shipment can be made either by Parcel Post or Express. If your Order consists of both prepaid and F.O.B. items we will ship the entire order Express Collect and add extra bulbs to offset the shipping charges on the prepaid items.

Substitution: We do not substitute variety without permission. If out of size ordered we will substitute with next size larger or smaller to the amount of money sent.

When placing an order, especially later in the season it will help us if you will give second choice as some items may be sold out. If you do not want us to substitute, please advise.

HONEY (340) Melk '51 (80) Beautiful clean light pink blending to a white throat. Very fine color. The ruffled 4" round florets are well placed and firmly attached on a willowy spike of 16 to 18 buds. 5 florets open 4 buds in color.

Height 48 in. Flowerhead 20 in.

This variety makes healthy plants and bulbs and it is a good propagator. Honey is an excellent glad to use in baskets and vases where its high color value shows to full advantage. Not a large glad but certainly one of the most beautiful we grow.

SKIPPY (401) Melk '51 (75) Heavily ruffled white with small pink feather. 4½" blooms of heavy substance, 6 open 4 buds in color on a tall spike of 18 buds. Height 50". Flowerhead 24". Blooms in 75 days. Skippy should prove to be a good cut flower as it makes tall stretchy spikes that do not crook and have excellent placement and firm attachment. An all around, good variety that was well liked by all who saw it.

GOLDEN CROWN (412) Melk '50 (80) Golden Crown is very consistent in the production of good commercial spikes. The color is a clean medium deep yellow without markings, opens 6 blooms 5" in diameter on a spike of 20 buds, has a flowerhead of 24" and a field height of 55". Golden Crown proved to be a good early cut flower due to the fact that it is a cold weather grower the plants being 6 inches high when most other varieties were just coming up. Golden Crown makes strong healthy plants and fine looking and healthy bulbs. Propagation and germination are excellent.
